

AVANCÉES EN MATIÈRE DE NUTRITION ET D'IMMUNITÉ

22 JAN
—
VIRTUEL

La SCN est fière de célébrer sa 10e conférence thématique annuelle!

Rejoignez-nous le samedi 22 janvier 2022 alors que d'éminents experts traiteront de la nutrition et de la fonction immunitaire tout au long de la vie!

Aperçu du programme de la conférence!

La SNC est heureux d'annoncer que l'exposition virtuelle d'affiches de la SNC est de retour! Présentez les dernières recherches en matière de nutrition!

Nutrition, Immunity and COVID-19

Philip Calder, BSc(Hons),
PhD, DPhil, RNutr, FSB, FAFN
Faculty of Medicine, University of Southampton

Inflammatory Dietary Patterns and Colorectal Cancer Risk and Survival by Tumor Immune Status

Fred Tabung, PhD, MSPH
Internal Medicine/Medical Oncology, The Ohio State University College of Medicine and Comprehensive Cancer Center

How to Induce Oral Tolerance

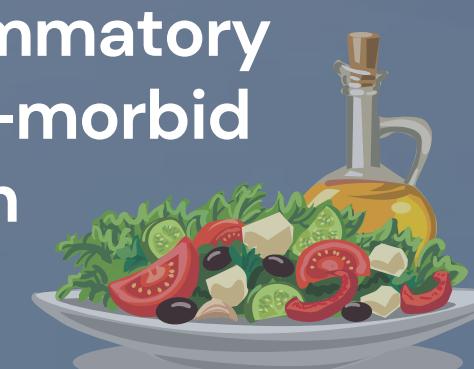

Julia Upton, MD, MPH
Pediatrics/Immunology and Allergy, Hospital for Sick Children

Vitamin D and Immune function: A focus on infants and children

Geneviève Mailhot PhD, RD
Department of Nutrition, Université de Montréal

A Mediterranean-like fat blend protects against inflammatory bowel disease and co-morbid metabolic dysfunction

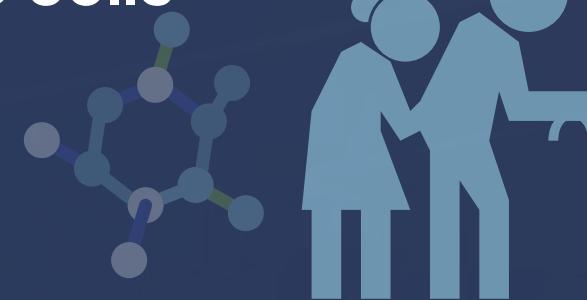

Deanna Gibson, PhD
Biology, University of British Columbia

Obesity dysregulates immunometabolic status in pediatric asthma and impacts vaccine responses

Sarah E. Henrickson, MD, PhD
Pediatrics/Allergy Immunology, Childrens Hospital of Philadelphia/University of Pennsylvania

Aging and Chronic Inflammation: an overview, and the role of insulin on immune cells

Dan Winer, MD
Gerontology, Buck Institute for Research on Aging (USC)

Diet, oxylipins and inflammation

Harold Aukema, PhD
Food and Human Nutritional Sciences, University of Manitoba

Désormais Accréditée

Les participants recevront une lettre d'accréditation à l'issue de la conférence.
